

Colorway Premium Inkjet Photo Paper (RC base)

Colorway Premium Inkjet Photo Paper (RC base) is a photographic quality micro porous RC based photo paper, working on both thermal and piezo inkjet printers, compatible with both dye and pigment based inks.

Features

- Resin-Coated substrate
- Ultra smooth, bright and white surface
- High ink reception, achieves superior color density and stability
- Superior imaging qualities with outstanding dot control, wide color gamut and excellent image sharpness
- Instant drying with most inkjet inks
- Smudge and water resistance

Packing Configurations

Roll Size:

Meter	Feet
1.118m X 30m	44 X 98'
0.914m X 30m	36 X 98'
0.610m X 30m	24 X 98'
0.305m X 30m	12 X 98'
0.210m X 30m	8.3 X 98'

Page Size :

A3, A3+,A4, A5, A6,3R.5R, 8.5 X 11", 4 X 6

Product	Weight (g/m ²)	Thickness (μm)	Thickness (mil)	ISO Brightness (%)	Opacity (%)	Waterproof
